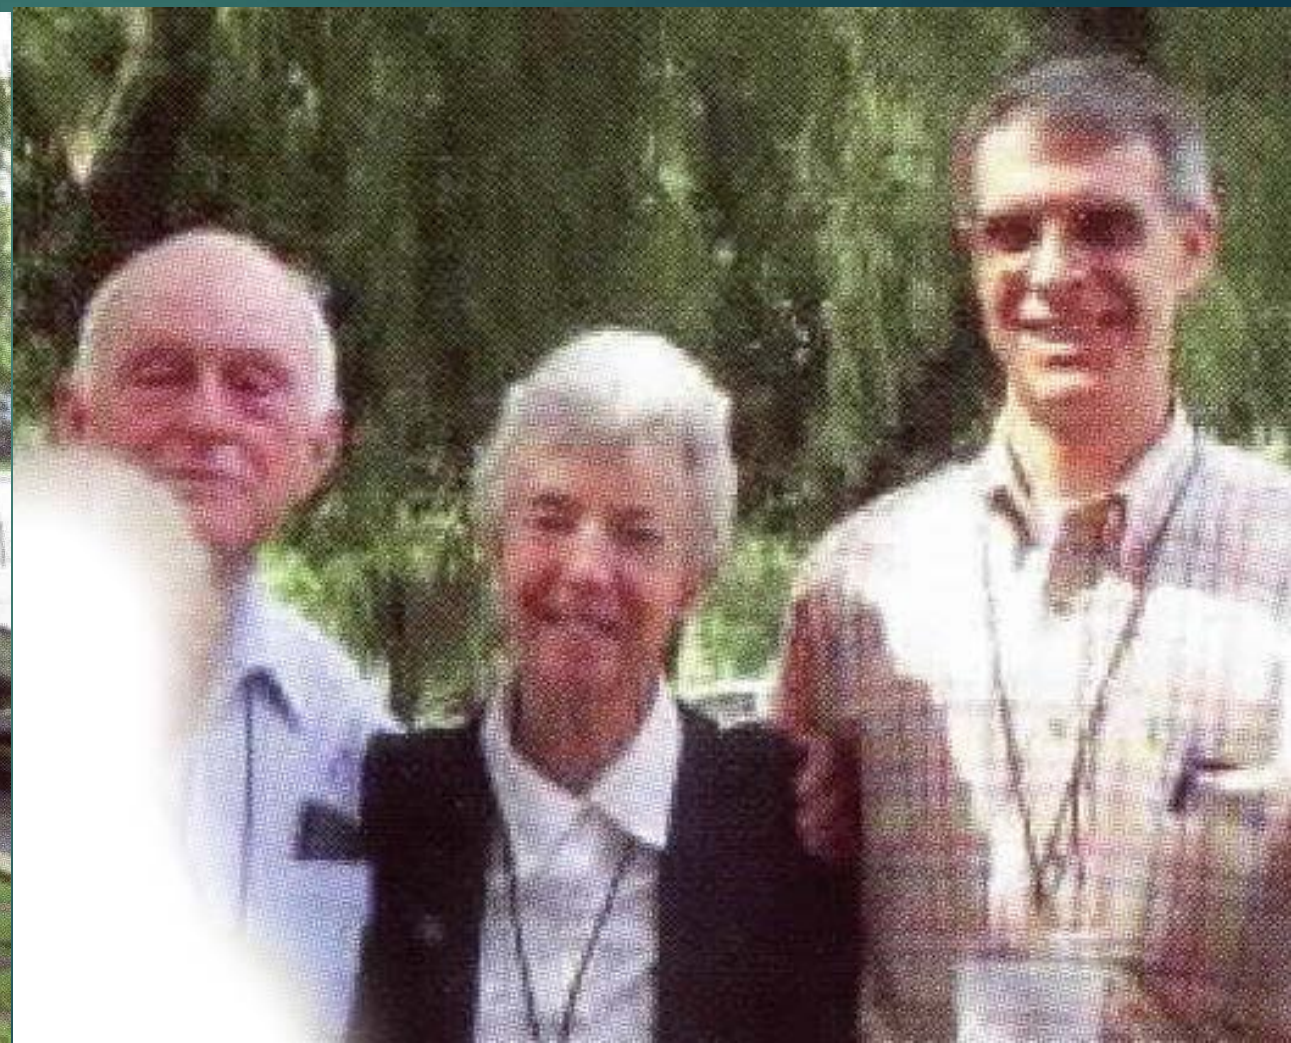
Celebration of the Career of Oliver “Ollie” S. Flint, Jr.

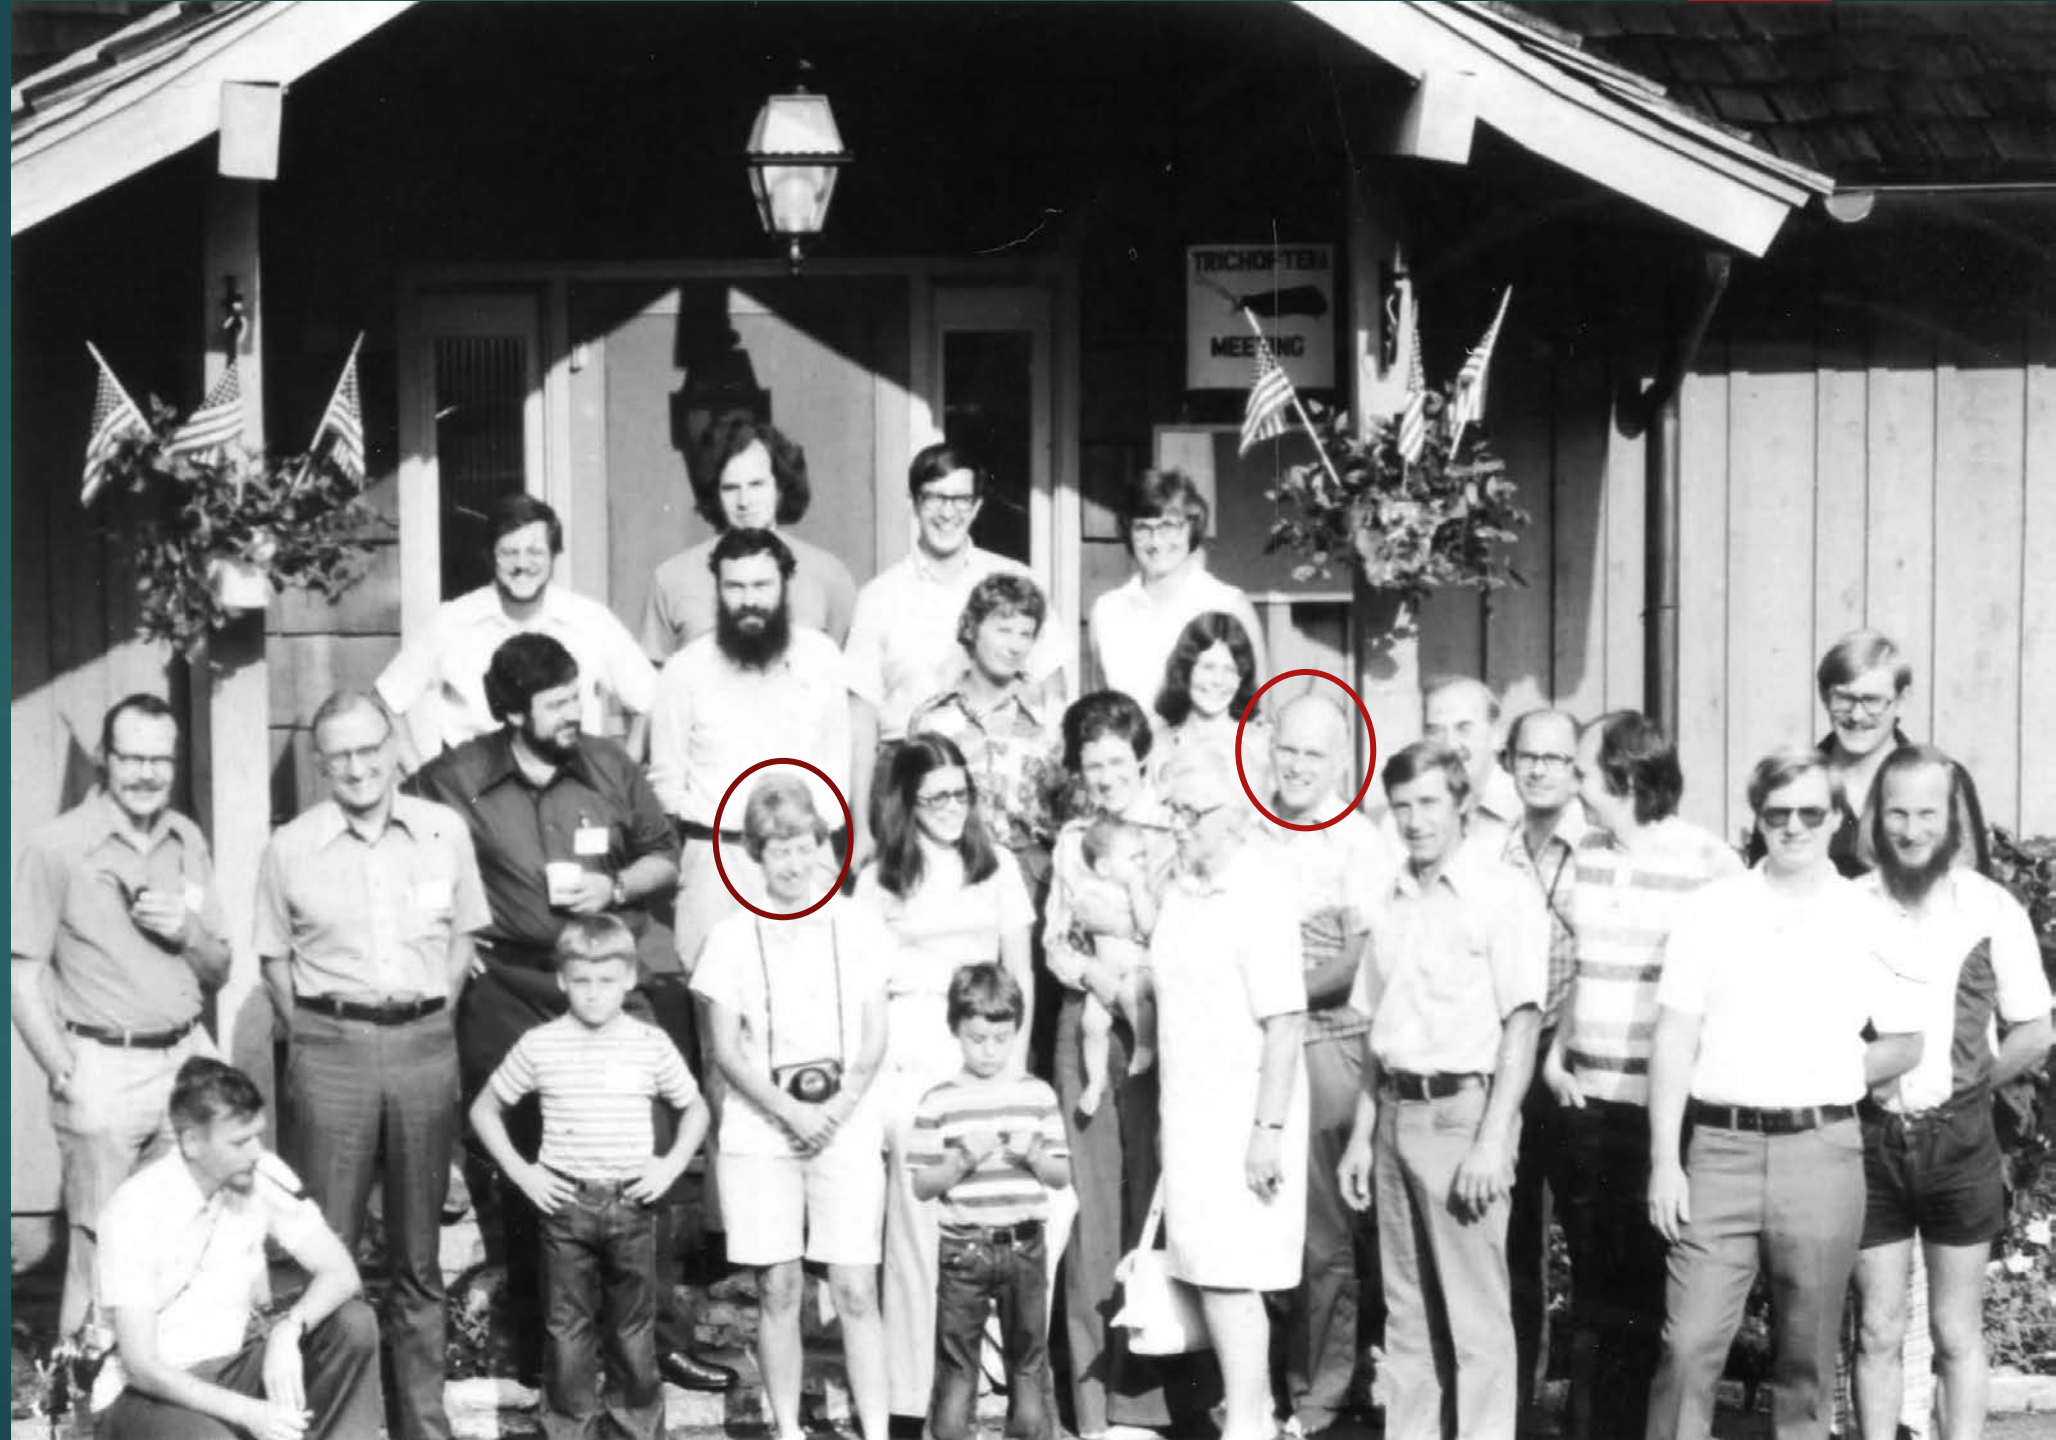
Curator of Aquatic Insects & Neuropteroida
1961–1996

1st International Symposium on Trichoptera
16–20 September 1974, Lunz am See, Austria

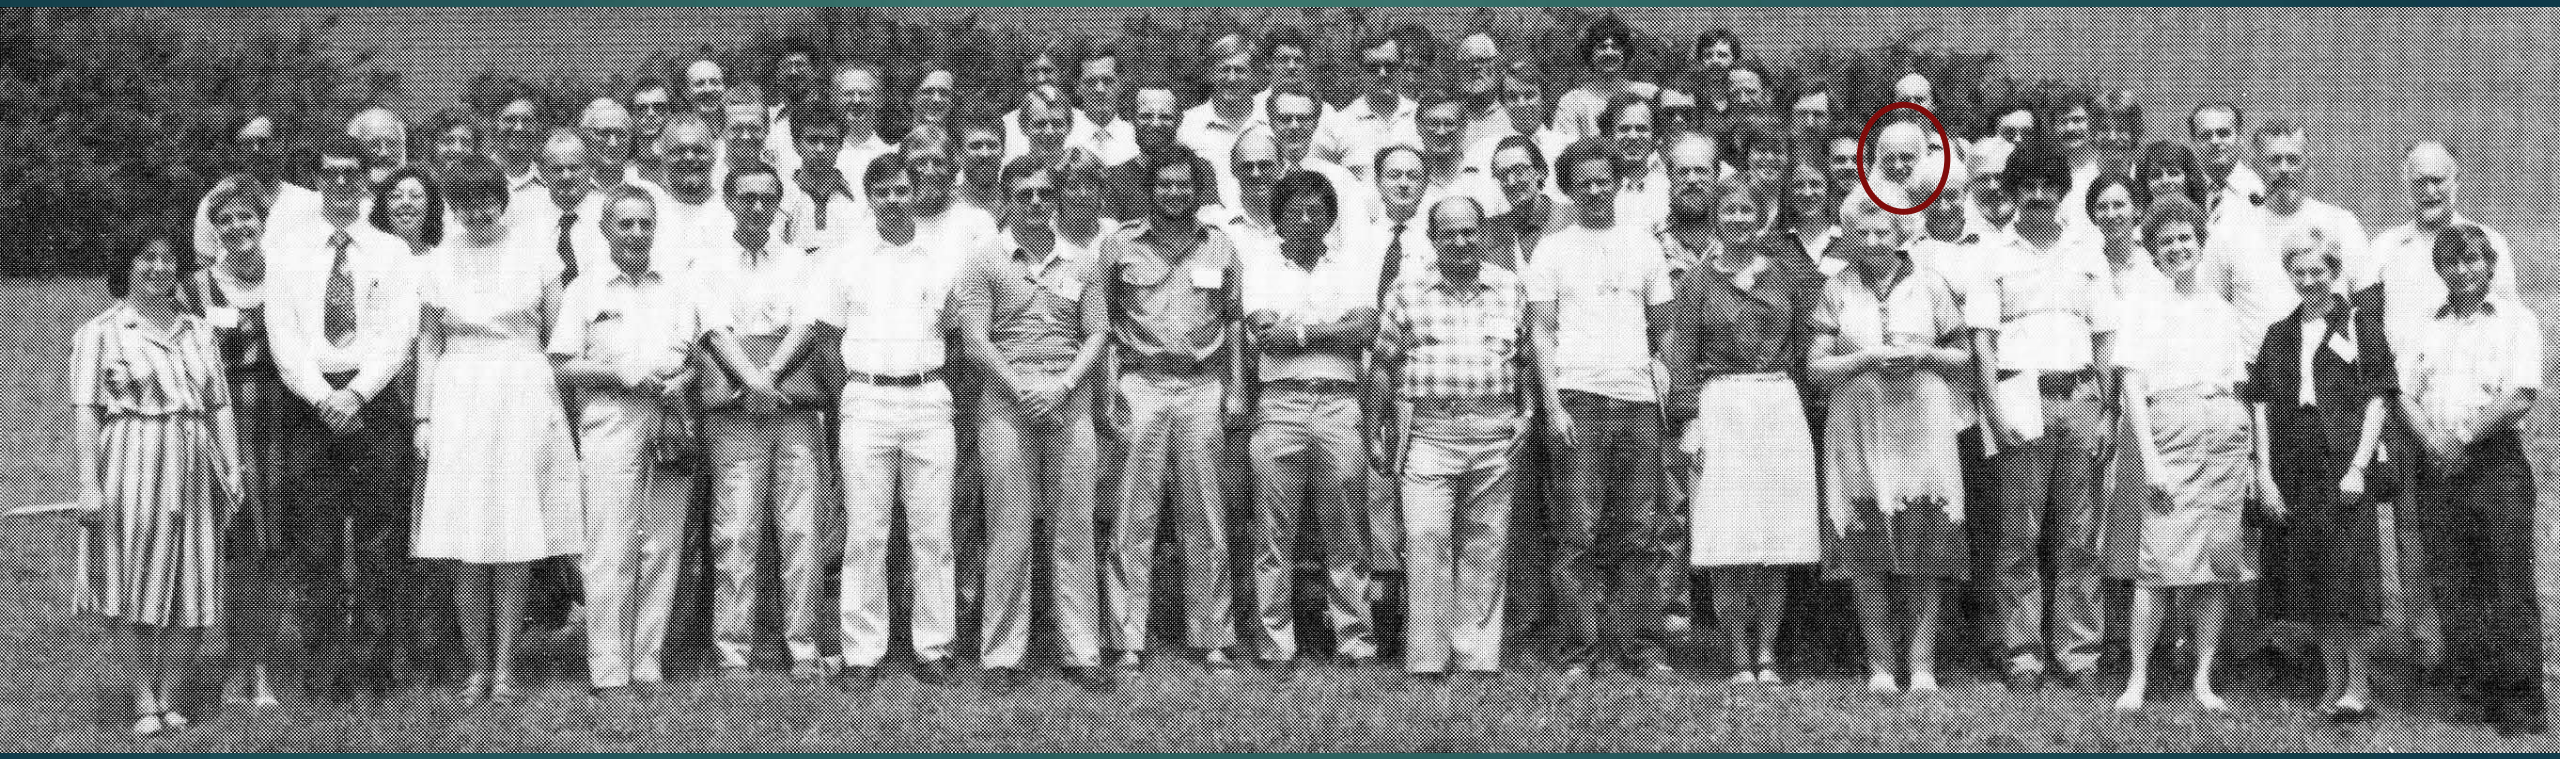
Attendees at all Trichoptera Symposia 1974–2007 and 1974–2015



Informal gathering of caddis scientists and families (28–30 August 1976, Smith Mtn. Lake, VA) Following the 15th International Congress of Entomology



4th International Symposium on Trichoptera
11–16 July 1983, Clemson, SC



Productivity

- Collections of Trichoptera, Megaloptera, Ephemeroptera, Plecoptera, Odonata, Neuroptera, Mecoptera, and Raphidioptera—
  12,000+ species and ~400,000 specimens
- 230+ papers and books on aquatic insects over ~70 years
- 1,200+ species, 21 genera, and one family of caddisflies described as new for science

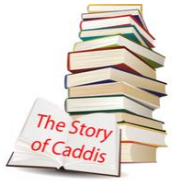
Started, inspired, completed major catalogues of Trichoptera

*** Welcome to ***

Trichoptera Nearctica

The mission of Trichoptera Nearctica is to serve as an informational resource on Trichoptera and to provide up-to-date information on the taxonomy and geographic distribution for all species of Trichoptera known to occur in the Nearctic region. In addition to housing the Nearctic Checklist, a variety of other information on Trichoptera can be accessed here. Thank you for visiting!

Distributional Checklist of Nearctic Trichoptera (August 2018 Revision)
MOST RECENT UPDATE



News and Information:

- Larvae of the Southeastern USA Mayfly, Stonefly, and Caddisfly Species
- Proceedings of the 14th International Symposium on Trichoptera
- List of Recent Publications with Relevance to the Nearctic Fauna
- Recently Described New Species from the USA & Canada

Recent Meetings:
XVI International Symposium on Trichoptera - Prince of Songkla University, Surat Thani, Thailand, 3-9 June 2018.
Hosted by Dr. Pongsak Laudee.

Welcome to the Trichoptera World Checklist!

This picture is of a male Nectopsyche exquisita (Walker), Family Leptoceridae. The picture was provided by courtesy of Dr. Bill Stark, Mississippi College.

Catalog of the Neotropical Caddisflies (Insecta: Trichoptera)
